What is home loan refinancing?
Refinancing means replacing your current home loan with another, new home loan that has different terms.

Why refinance your home loan?
- Interest rate change
- Drop Private Mortgage Insurance (PMI)
- Consolidate debt
- Need cash

What are the benefits?
- Pay less interest/monthly payments
- Shorten or extend loan term
- Get a better credit score
- Get cash fast

How do you refinance?
- Define life and career goals
- Check your current agreement
- Talk with Amy or Sharon with the Mortgage Department

Why work with True North?
- Local processing and underwriting
- Local Loan Officers who understand our unique properties
- Easy to apply online
